## PAC-Guard Protective Visor

Our PAC-Guard protective visor provides full-face protection against airborne droplets, while allowing unrestricted visibility. The lightweight unisex design is easy to assemble and incorporates a fully adjustable headband with foam padding, for a comfortable fit, with or without glasses or a face mask.

Available in two sizes, the visor is fully adjustable, easy to clean and includes anti-mist to prevent fogging during use. The visor screen is manufactured from high clarity PET material, which is 100% recyclable.

- Wrap-around design provides full-face protection
- Simple to assemble and easy to clean
- Available in two sizes, with fully adjustable headband
- Foam headband provides a secure and comfortable fit
- Anti-mist prevents visor from steaming up during use
- High clarity PET visor screen is 100% recyclable

## Ideal for

- Factory
- Workshop
- Automotive industry
- Food processing
- Retail environment
